

ATL-800

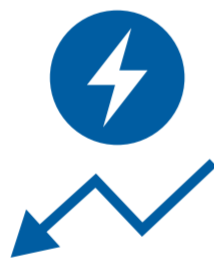

World No.1 4K Resolution Battery Camera

What is Afidus Battery Technology?

Stand-by mode

Provides essential functions and saves energy smartly

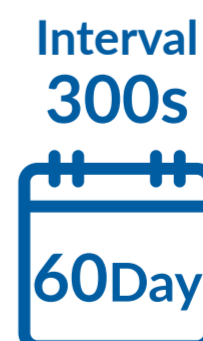

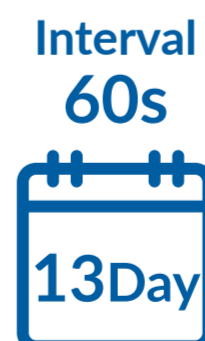

Low Power Design

Uses high efficiency components to prevent unnecessary energy waste

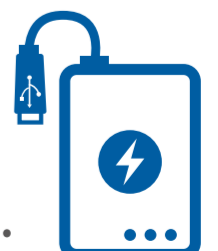

Optimized Power Design

introduces AI smart power management to optimize energy supply system

Afidus-800 supports external power bank via micro USB port. User can connect to power bank to extend time lapse cam recording days.

※ Battery life may still vary depending on recording conditions and battery quality.
